ABOUT US

With the experience of 17 Years, we are introducing, Jazfa Impex a professional Leather / Split Leather Manufacturer of gloves and all sorts of safety wear in Pakistan since 2005, At present, there is a third generation in this business, With our own Facilities and professional technicians, we can design gloves/safety garments in leather and split leather for your according to your demands and assure you that our products are very high in quality and competitive price. No one can compete with us in quality and price, we believe in a close relationship with our customers to serve them efficiently.

Consistent growth over time exhibits makes confidence of buyers in us. We are specialized in tailoring leather gloves with new designs & specifications, which follow all safety Standards to provide safety to workers,

JAZFA IMPEX is focusing on a niche market, which needs a new style and design for their customers in Europe, the far East, Africa & America.

The Key to producing good quality leather gloves is the procurement of leather followed by tanning, cutting, stitching, and packing of the product. The company is solely focused on procurement, tanning of leather, Inspection after cutting, Inspection after stitching product which is finally inspected by a team of quality control people before packing.

We are already supplying our products to various renowned customers & brands.

Thanks for your time.

Thanks & Regards
